START OF TRANSCRIPT

[00:00:18] Reiner Fuellmich

So that's exactly what's being discussed here right now.

[00:00:23] Reiner Fuellmich

So this is tendentious distortion, pure destructiveness.

[00:00:29] Reiner Fuellmich

I have been advised here by quite a few psychologists and also psychiatrists, because the

[00:00:34] Reiner Fuellmich

was predictable. We were just hoping that the little girl wouldn't, because she wasn't

[00:00:39] Reiner Fuellmich

gets everything the way she wants it, falls into this blind destructive rage. But it

[00:00:45] Reiner Fuellmich

there is still, as always, auditor et altera pars. There is also another side

[00:00:49] Reiner Fuellmich

of history, and that might not look so good for Viviane then. I

[00:00:54] Reiner Fuellmich

had only hoped that this does not necessarily have to be discussed in this way.

[00:01:01] Bittel

Especially not in public.

[00:01:03] Reiner Fuellmich

In public. We have this yesterday in the party executive committee exactly that exactly this

[00:01:09] Reiner Fuellmich

Topics discussed yesterday at the party executive committee. However, there was the very first question, because

[00:01:15] Reiner Fuellmich

in the party, on the board, I had exactly these issues. I knew that at some point

[00:01:20] Reiner Fuellmich

will come from her, who discussed exactly these issues before and had given them all

[00:01:24] Reiner Fuellmich

my version of the story, which puts the whole thing in a slightly different light.

[00:01:29] Reiner Fuellmich

different light. The question that the party executive committee had posed to Wolfgang and

[00:01:36] Reiner Fuellmich

Viviane was because they just knew it all before, why did you do that?

[00:01:42] Reiner Fuellmich

By forcefully trying to damage Reiner that behind his back

[00:01:48] Reiner Fuellmich

quite obviously also in a manner completely contrary to social law. Why

[00:01:54] Reiner Fuellmich

didn't you at least inform the party beforehand? Because as a dual leadership you can

[00:01:59] Reiner Fuellmich

without people getting the impression that something is going on here, that there is something

[00:02:04] Reiner Fuellmich

Controlled Opposition on the move. To this the two did not know an answer, but

[00:02:09] Reiner Fuellmich

have simply stated over and over again Here, we want the money back. Now

[00:02:14] Reiner Fuellmich

I'll gladly explain to you, maybe not so gladly, what's really going on here. So it

[00:02:20] Reiner Fuellmich

gives three topics points here the work of the law firm, the 700,000.

[00:02:26] Reiner Fuellmich

This also includes the story. 100,000 ended up with her.

[00:02:30] Bittel

It didn't. Didn't mention it.

[00:02:33] Reiner Fuellmich

Yes, I realize that. Now I have to try to be as careful as possible because by

[00:02:39] Reiner Fuellmich

her statements, yes, she is provoked.

[00:02:42] Reiner Fuellmich

After all, she obviously wants some kind of investigation to be started here.

[00:02:49] Reiner Fuellmich

I don't want to make it worse than it is. So my main problem with Viviane

[00:02:55] Reiner Fuellmich

from the beginning was that she is a total slob, that she is not capable,

[00:03:01] Reiner Fuellmich

to speak in a structured way, to act in a structured way and that they do not go further than from

[00:03:06] Reiner Fuellmich

thinks here up to the wall. All the committee work, the meetings are always of

[00:03:12] Reiner Fuellmich

me, Corwin and the accountant just named by Viviane, who, with her knowledge.

[00:03:18] Reiner Fuellmich

and will has done all the accounting has been prepared. We have every Monday

[00:03:22] Reiner Fuellmich

Strategy session had for each individual session. She may have been working on two

[00:03:26] Reiner Fuellmich

or three, but was then too busy with something else. Any

[00:03:30] Reiner Fuellmich

Balloon had to rise again, would like to buy a clinic, no longer create a station.

[00:03:34] Reiner Fuellmich

I want anything that will make people think for a little while. This is super

[00:03:40] Reiner Fuellmich

creative. The fact that here but oh man, this is really nasty.

[00:03:49] Reiner Fuellmich

But the fact that in Berlin practically no one, no one, no one for the committee

[00:03:56] Reiner Fuellmich

was active, she just said, a school friend of hers or first girlfriend,

[00:04:01] Reiner Fuellmich

your schoolmate, that's not possible at all with the after less. After a few weeks had

[00:04:07] Reiner Fuellmich

we put questions to the committee that were not answered by anyone or were only

[00:04:12] Reiner Fuellmich

were answered sporadically or were answered only very late. These were emails, it

[00:04:18] Reiner Fuellmich

but there were also phone calls, there was always only one tape. I am once with your car

[00:04:22] Reiner Fuellmich

I was on the road and said, "That can't be true. There is the tape or

[00:04:26] Reiner Fuellmich

the phone has been switched to her cell phone. So when she puts it on the phone

[00:04:30] Reiner Fuellmich

she takes a call and if just not, then just not, then only comes a

[00:04:33] Reiner Fuellmich

Tape Announcement Mailbox.

[00:04:37] Reiner Fuellmich

She empties the mailbox only sporadically. This has led to the fact that, for example

[00:04:42] Reiner Fuellmich

at some point an account was there because some invoice had not been paid

[00:04:46] Reiner Fuellmich

from her privately. However, the overall effect of this has been that people who tried to

[00:04:53] Reiner Fuellmich

have to get in touch with us, that is, the donors, the fans, the people who have

[00:04:57] Reiner Fuellmich

wanted to give hints that they wanted them to run into a wall in Berlin.

[00:05:03] Reiner Fuellmich

Then they probably thought to themselves Well, but she also has a law firm under

[00:05:07] Reiner Fuellmich

of the same address, at that time Waldenser Strasse 22, but we'll probably catch them there.

[00:05:13] Reiner Fuellmich

And then I guess we'll get answers. Only there is formally a law firm, but

[00:05:19] Reiner Fuellmich

that does not really exist. There is no secretary. She did not know until recently,

[00:05:23] Reiner Fuellmich

that, as a lawyer, you no longer communicate with the court by mail or fax but

[00:05:30] Reiner Fuellmich

that there is such a special electronic lawyer mailbox Bea. And this. This is

[00:05:35] Reiner Fuellmich

a kind of particularly secure e-mail system. So even there people were running against a

[00:05:41] Reiner Fuellmich

Wall. Then they thought Ah, there's a second man. Reiner Hoenig

[00:05:45] Reiner Fuellmich

and that does not exist on the Internet existed before Corona. From her had before Corona

[00:05:50] Reiner Fuellmich

no one heard anything. But I have a real law firm. Structure with IT, with

[00:05:55] Reiner Fuellmich

Accounting, with.

[00:05:57] Reiner Fuellmich

With lawyers, with Reno. And so on. This wave hit us.

[00:06:05] Reiner Fuellmich

For a few weeks, we thought. Did my colleague who organizes all this say?

[00:06:09] Reiner Fuellmich

Reiner, make sure they hire someone there? I told her that many times.

[00:06:13] Reiner Fuellmich

Kathrin told her that many times, too. Nothing happened because they chose to

[00:06:18] Reiner Fuellmich

actual work is not interested at all. By the way, this is also noticeable in

[00:06:23] Reiner Fuellmich

the committee meetings, when she's there daddling around with her cell phone or on the computer.

[00:06:26] Reiner Fuellmich

plays or simply goes out in between and makes a phone call. That's obviously. This is the

[00:06:31] Reiner Fuellmich

Reason why I boiled with rage all the time and sometimes that probably visible

[00:06:36] Reiner Fuellmich

was. We thought, well, this will get better again for a few more weeks. It

[00:06:41] Reiner Fuellmich

became worse and worse, worse and worse. You know that, Roger, because we've done that up front.

[00:06:46] Reiner Fuellmich

have already discussed. The email processing amounts are, I believe,

[00:06:53] Reiner Fuellmich

340,000 emails that we have processed in the last two years. Whatever Viviane there

[00:07:00] Reiner Fuellmich

tells It may be that her school friend also answered 102030 emails. But you

[00:07:05] Reiner Fuellmich

can. You don't get 340,000 e-mails when someone professional in Berlin

[00:07:09] Reiner Fuellmich

works. This cannot be. Of course, Wolfgang also processed e-mails. He gave me

[00:07:14] Reiner Fuellmich

but also times told, I have here 3000 emails, I create all not at all. Martin

[00:07:19] Reiner Fuellmich

has also processed emails. However, because he is smart, he had sought professional help

[00:07:23] Reiner Fuellmich

and she has also been paid for it. We then have these 300,000 or

[00:07:30] Reiner Fuellmich

300,000 emails not even calculated anything between 0,50 € and something else

[00:07:35] Reiner Fuellmich

is that. That's not all, but all the phone calls that ended up with us,

[00:07:40] Reiner Fuellmich

also had to be mastered. Kathrin, because she organizes the whole thing, always has in the morning

[00:07:45] Reiner Fuellmich

sat at the kitchen table at 4:30, made sure from home that the reno that

[00:07:51] Reiner Fuellmich

that the lawyer gets it and that no one here runs away screaming because the

[00:07:56] Reiner Fuellmich

work becomes too much. With me always arrived something like 100 emails per day, these are the ones that

[00:08:00] Reiner Fuellmich

which I just had to answer myself. Phone calls were not in five minutes

[00:08:07] Reiner Fuellmich

done, because many people are just extremely stressed and you can almost be seen as like

[00:08:13] Reiner Fuellmich

should I say as a psychotherapist or as a psychologist must work. The post office, which is run by

[00:08:19] Reiner Fuellmich

of Waldenser Strasse 22 was returned to the senders. The same has the party in the meantime

[00:08:24] Reiner Fuellmich

experienced. The mail also goes back because no one cares about the mailbox. The

[00:08:29] Reiner Fuellmich

total chaos, total chaos.

[00:08:32] Reiner Fuellmich

I was hoping that would never come up. This has led to the fact that we

[00:08:38] Reiner Fuellmich

then just had all the work that I had to pay a lawyer who had my

[00:08:43] Reiner Fuellmich

pleadings not all, but from the normal proceedings Deutsche Bank or so, what

[00:08:47] Reiner Fuellmich

my pleadings has gone to court. We then have Viviane.

[00:08:55] Reiner Fuellmich

But it was too late. It could not be turned back. We have Viviane again and again

[00:09:00] Reiner Fuellmich

told what's going on. Two I do not care at all, because the main thing any people

[00:09:06] Reiner Fuellmich

follow her commands so that she can take care of the balloons that she puts in the

[00:09:09] Reiner Fuellmich

air and which then burst at some point. The amount she mentions is

[00:09:15] Reiner Fuellmich

also wrong. This has been an expense lump sum of 23.500 € plus a travel expense

[00:09:24] Reiner Fuellmich

lump sum, because she has the committee at her discretion first in the Waldenser Street

[00:09:30] Reiner Fuellmich

packed. This was a beautiful location. And now to Schillerstrasse. This is absolutely

[00:09:34] Reiner Fuellmich

uncomfortable there. That's what she rebuilt expensively. Since I always had to travel back and forth, so

[00:09:39] Reiner Fuellmich

stay overnight once a week occasionally. Then there was a lump sum for travel expenses

[00:09:43] Reiner Fuellmich

for this, then we were at 23,500 for the entire firm structure. Because we are too

[00:09:50] Reiner Fuellmich

nothing else. Plus 1500 plus added value, these are the real numbers. And now

[00:09:57] Speaker1

we come to the question Did she know? Of course she knew that. The fact that we have

[00:10:02] Speaker1

all the work, she knew, because we talked about it again and again.

[00:10:07] Speaker1

have Then no longer in the complaint. So, make sure that there are sensible

[00:10:11] Speaker1

People professionals come in, but only you. Viviane, this is such bullshit. The Katrin

[00:10:17] Speaker1

here have to get up so early every morning. That is simply unreasonable. But we do,

[00:10:22] Speaker1

because we are paid for it. Viviane has known all along. You

[00:10:27] Speaker1

has known all along. It is. Although she appears as a little girl, with the

[00:10:32] Speaker1

carefully groomed curl and the puff sleeves or whatever it's called. But it requires

[00:10:37] Speaker1

yes at the same time not only attention as a small child. And if I do not get what

[00:10:41] Speaker1

I want, then I destroy everything. That's what she's doing right now, but she also wants to be known as

[00:10:46] Speaker1

lawyer and be taken seriously as an economist and as a hatter. Good,

[00:10:52] Speaker1

Lawyer she is, even if she does not have a law firm, in the sense economist. There has

[00:10:57] Speaker1

they also have a degree. And Hatter used to make them, too. But if I as an economist

[00:11:05] Speaker1

sign the annual financial statements, in which all this is included, everything is included,

[00:11:12] Speaker1

then I can't say afterwards Now I always want the little girl again

[00:11:15] Speaker1

be I did not know that. I was thinking that here I am, what do I know?

[00:11:19] Speaker1

Karl May book signing. She signed the annual financial statements, which we received from

[00:11:24] Speaker1

was explained to the accountant, to me and to her. That was the end of 20, 21 and in which also all these

[00:11:31] Speaker1

figures are included. The accountant told us there are legal fees in here. The

[00:11:37] Speaker1

but are in fact the communications, cost or as other people would say The

[00:11:43] Speaker1

is Customer Relations. If you run a business. I know it's not a

[00:11:47] Speaker1

Company, but it is a. That's just the Corona Committee. But still have

[00:11:52] Speaker1

customers in the sense of customer relations. If you run a business and are looking

[00:11:57] Speaker1

don't give a shit about your customers, don't give a shit about your donors. Then you need to worry about the

[00:12:02] Speaker1

not to worry about the further operation of the company or about the receipt of donations. We

[00:12:08] Speaker1

took it seriously and we still take it seriously. We still do

[00:12:11] Speaker1

all the work, except that Viviane is now blocking all the coal. So here we come

[00:12:15] Speaker1

now right on top of it, who actually blocks the coal here. So she has the

[00:12:20] Speaker1

Financial statements signed, she has because our accounts were constantly canceled. So

[00:12:27] Speaker1

the first who had the accounts was a colleague of mine, so the Corona Committee

[00:12:30] Speaker1

accounts, that was our account and all the money went through that account until

[00:12:37] Speaker1

then at some point the bank canceled him all accounts not only that but all accounts

[00:12:41] Speaker1

has. The next one who had the accounts was me with an account because I had all the time,

[00:12:45] Speaker1

i did not want it. I have said all the time Viviane, please make sure that

[00:12:49] Speaker1

the damn company is finally registered, so that the company can

[00:12:53] Speaker1

then also has its own account. But those who don't empty the mailboxes, who don't remember the

[00:12:59] Speaker1

phone and who does not answer emails will probably be so

[00:13:02] Speaker1

not complete a registration of the company. Anyway, then when with me

[00:13:07] Speaker1

all accounts were canceled, I think at the end of 20 21 so I think December or November 20

[00:13:16] Speaker1

21 is has been the accounts with her.

[00:13:21] Speaker1

Since then, at the latest, she has had to see what each month on the accounts

[00:13:27] Speaker1

happens. So you either have to be completely insane.

[00:13:33] Speaker1

Yes, or just suffer from a mental disorder, if you can not perceive it

[00:13:37] Speaker1

or wants to. She signs the financial statements where everything is in. The

[00:13:41] Speaker1

Accountant explains it to us. She sees this on her account, which also existed yesterday in the

[00:13:46] Speaker1

Tell me, Viviane, you've been doing this for half a year, haven't you?

[00:13:50] Speaker1

long at least seen. You've seen what's been going on for nine months now.

[00:13:56] Speaker1

You have all the time. You signed the financial statements. What do you have

[00:14:00] Speaker1

you thought of that? I might have had to pay a little attention there. There she was

[00:14:04] Speaker1

then again, the little girl, depending on which role just fits. The. Then have

[00:14:10] Speaker1

we got an email and got the text message. I think you have them too

[00:14:15] Speaker1

seen, Roger. In this text message she says at some point you, who knows nothing about anything,

[00:14:21] Speaker1

she says at one point literally Oh Reiner, your law firm's legal fees can't be

[00:14:28] Speaker1

are no longer paid, can no longer be paid. What does that mean? That they

[00:14:33] Speaker1

knew that the legal fees had been paid by then? Not only because they have

[00:14:37] Speaker1

financial statements signed, but because they see from this shit account

[00:14:40] Speaker1

could. What happens if I don't look inside? That is another matter. The

[00:14:49] Speaker1

oh so can not be paid more, because we have fewer donations receipts. Then

[00:14:55] Speaker1

these very questions are no longer answered.

[00:14:59] Speaker1

That is, then you just break the traffic, the communication with exactly the people, on

[00:15:04] Speaker1

which it depends from comma.

[00:15:07] Speaker1

Because the money is needed for the important projects. What then important

[00:15:12] Speaker1

Projects? The balloons? So a union that doesn't exist. A

[00:15:17] Speaker1

Hospital, which was not bought, but thickly announced. Or a radio station,

[00:15:22] Speaker1

that does not fly, that does not exist. Well, yes, so much for that they.

[00:15:31] Speaker1

If she could do something legally, then yes, she would. So can be but,

[00:15:36] Speaker1

that their legal knowledge can be expanded. Can also be that they are after all so

[00:15:40] Speaker1

is advised that everyone has told her that you can not do that you prevent

[00:15:46] Speaker1

the committee's communication about the committee. You refuse to let people

[00:15:51] Speaker1

that you need. You see that Reiner gets all the junk off that

[00:15:56] Speaker1

his entire law firm is paralyzed. From morning till night. Meanwhile still much

[00:16:00] Speaker1

worse. Because now you can imagine what's going in here right now.

[00:16:03] Speaker1

pattering. You signed annual accounts. You have been able to see from your accounts what

[00:16:08] Speaker1

is going on. Oh yes, I might have had to pay attention there. Jesus Christ. So much for that.

[00:16:15] Speaker1

I think you have to hold your nerve a little bit now. So then to the 700,000

[00:16:22] Speaker1

and the 100 that she took out of there that she didn't mention. I must now

[00:16:27] Speaker1

really watch out that I don't um.

[00:16:31] Speaker2

So I, I, I would. But I would also say, Reiner, despite everything, I understand,

[00:16:35] Speaker2

that it is of course, I am now also a little surprised about the video of

[00:16:40] Speaker2

Viviane, because something like that doesn't belong out in the open, in my opinion. Is

[00:16:45] Speaker2

of course also very understandable that you also want to say something about it, because you can do something like that.

[00:16:49] Speaker2

does not want to let stand. I think it's important that you continue to be factual

[00:16:54] Speaker2

and just say what's what. You can and and the corresponding

[00:16:58] Speaker2

tell the truth if you want to. Or you also say I will make this a

[00:17:03] Speaker2

later time, you have to decide, because I realize of course

[00:17:08] Speaker2

also, I think it's a shame for the whole movement what's just done. This is

[00:17:12] Speaker2

almost a war of the roses, and the committee did not deserve that. I am talking about the

[00:17:18] Speaker2

Work, no matter now, whether that is now, what persons are further. And I think it's

[00:17:22] Speaker2

stop important, what you can still do. That one is in shambles, now there, now must be

[00:17:29] Speaker2

you have to be careful how you walk over it without taking major damage. And there, Reiner,

[00:17:34] Speaker2

you need to know now, what makes sense? It is clear that we are the few 1000 people,

[00:17:38] Speaker2

who are watching. But you also have to think about it, it's all about movement. It

[00:17:42] Speaker2

is not about any ego of Viviane or even you. I think we are

[00:17:48] Speaker2

all of us agree. So it goes. I hope that's how everyone sees it here. It is actually about

[00:17:53] Speaker2

the movement and nothing else. And if that should be now that there I can it

[00:17:59] Speaker2

not judge, I I can not look into the Viviane, I also have that always

[00:18:05] Speaker2

said. Why a video like this now? So that's what I'm saying now, like one of Viviane's videos,

[00:18:10] Speaker2

that I can not understand it, because there would have been the possibility to do that internally

[00:18:15] Speaker2

to look at and now that's just out. And that's clear that you also

[00:18:19] Speaker2

want to clarify, I understand that. And now I also have to look at how to make

[00:18:23] Speaker2

that best?

[00:18:25] Speaker1

Well, so since is only times out, there is no other way than that I have to

[00:18:31] Speaker1

position, because. Audiard, you older passport. So we come to the next point,

[00:18:36] Speaker1

The 700,000 and, if you like, the gold as well.

[00:18:43] Speaker1

Um, there was, I think late 20, 20 the suspicion.

[00:18:51] Speaker1

So we believed it anyway. We will and I will do that at Mediziner and

[00:18:56] Speaker1

Scientists for Democracy. And so on MWD otherwise somehow, where also so Sucharit Bhakdi

[00:19:03] Speaker1

plays a major role. There was a suspicion that the accounts had been seized,

[00:19:08] Speaker1

so that they were no longer able to pay for their tasks. We know

[00:19:14] Speaker1

meanwhile, that here the authorities do abundantly arbitrarily what they want, just as

[00:19:19] Speaker1

also many courts do what they want. We won't go into detail about that now.

[00:19:23] Speaker1

We have had quite a few examples in committee. So we thought Oh damn,

[00:19:28] Speaker1

If they come crashing into us like that, then suddenly we won't be able to pay anyone.

[00:19:32] Speaker1

If a few people we have actually had as professionals who were paid, only at

[00:19:37] Speaker1

the decisive point from my point of view, customer relations, since

[00:19:42] Speaker1

was just no one, there were then only us. So we said, then we'll take a

[00:19:47] Speaker1

little money out of there from the Committee's account.

[00:19:52] Speaker1

She took out 100, I took out 700, not just like that, but with

[00:19:58] Reiner Fuellmich

a loan agreement, so that the committee on the loan agreement in both cases

[00:20:03] Reiner Fuellmich

can reclaim the money. The committee we are, as I said, originally it was

[00:20:08] Reiner Fuellmich

also still I want to leave out the details now. So why?

[00:20:13] Reiner Fuellmich

It is faked that these loan contributions give rise to a recovery claim, the

[00:20:22] Reiner Fuellmich

you can enforce. I parked the money in the property with me. This

[00:20:28] Reiner Fuellmich

Property. It is one.

[00:20:30] Reiner Fuellmich

So, she got a look at the land register behind my back. It is

[00:20:35] Reiner Fuellmich

as if I were to look into your prenuptial agreement and then tell you what

[00:20:39] Reiner Fuellmich

is in there. I know what's in it and it's not nice for you, but I'll say it

[00:20:44] Reiner Fuellmich

not. So, she got an insight into the land register by contacting the notary public

[00:20:49] Reiner Fuellmich

lied to him and led him to believe that a legitimate interest in

[00:20:54] Reiner Fuellmich

the land register exists. My property is sold for a price that. Clearly,

[00:21:02] Reiner Fuellmich

well above the 700. That is, this store of value was always there. The 100 they

[00:21:08] Reiner Fuellmich

about likewise a loan contract took out, which it there however not

[00:21:12] Reiner Fuellmich

mentioned, because she needed money to live. In the committee she always said

[00:21:16] Reiner Fuellmich

No, we live on air and love. This is all just for the purposes of the committee

[00:21:19] Reiner Fuellmich

determined. She spent 100 for life. I don't blame that either. I

[00:21:24] Reiner Fuellmich

would have just liked that we do not have to discuss it here. But if they just

[00:21:29] Reiner Fuellmich

means here in blind destructiveness, so probably this is a mental disorder.

[00:21:33] Reiner Fuellmich

There is no other explanation for this. When she thinks that she can go on a rampage of blind destruction

[00:21:37] Reiner Fuellmich

then I must at least comment on it as calmly as I can.

[00:21:42] Reiner Fuellmich

The 700 were always safely stashed with me, because I could have at any time in view of the very

[00:21:48] Reiner Fuellmich

high value of this property compared to the 700. Taking out a loan when we are in

[00:21:54] Reiner Fuellmich

would have had liquidity problems, could have taken out a loan because the

[00:21:58] Reiner Fuellmich

Land charge on this property in the amount of 700 would not have been a problem at all.

[00:22:02] Reiner Fuellmich

Okay, so now the reason I need to get the. So I would have anytime the 700,

[00:22:08] Reiner Fuellmich

if we had entered into a liquidity crisis, because the value

[00:22:11] Reiner Fuellmich

of the property is far above that. The reason I am selling the property is not,

[00:22:16] Reiner Fuellmich

how she suspects that I will take flight, leave the country. Each of us

[00:22:21] Reiner Fuellmich

has already thought about it. She wanted to march to India with her

[00:22:24] Reiner Fuellmich

Life partner Robert Kiebitz. Hm.

[00:22:30] Reiner Fuellmich

All of us have thought about the fact that it might make sense at some point to have a

[00:22:34] Reiner Fuellmich

short step to the side. People like me who are here, let's say, a little more in the

[00:22:40] Reiner Fuellmich

Some people may have been thinking about this more intensely,

[00:22:44] Reiner Fuellmich

but my law firm will continue to run. While I am of course now planning to do that

[00:22:51] Reiner Fuellmich

I've already told you often enough that I want to continue working in the USA for a few months because

[00:22:55] Reiner Fuellmich

want to push this class action story forward, also my own version of the

[00:22:59] Reiner Fuellmich

Committee wants to make. But I do not intend to leave the country, but I make

[00:23:04] Reiner Fuellmich

step aside and take care of the things where I think my energy is going to be used.

[00:23:09] Reiner Fuellmich

can best be used, namely to the same action in the U.S., which is The reason,

[00:23:16] Reiner Fuellmich

why I'm selling is threefold. First, if so shared is right, and I have no

[00:23:21] Reiner Fuellmich

Doubt that he is right because he thinks everyone sees it the same way. And almost all

[00:23:27] Reiner Fuellmich

Physicians, who are familiar with this matter of mRNA vaccination or at all of this so called

[00:23:32] Reiner Fuellmich

Vaccination which are not involved see it the same way. If they are right, then we have

[00:23:36] Reiner Fuellmich

A lot of fatally injured people. If these fatally injured yes at the end not of

[00:23:45] Reiner Fuellmich

anyone is still rescued in time, then we suddenly have a pure

[00:23:49] Reiner Fuellmich

buyers' market, because there are too few buyers. This will increase the value of real estate in the

[00:23:53] Reiner Fuellmich

Press basement. The second reason is that interest rates are being raised right now. I

[00:24:00] Reiner Fuellmich

believe that one of the biggest rate hikes, if not the biggest rate hike ever,

[00:24:03] Reiner Fuellmich

that the ECB and the Federal Republic have ever experienced. 0.75 % is the whole

[00:24:09] Reiner Fuellmich

blown up. That is, all those who need funding for a

[00:24:12] Reiner Fuellmich

property, they can no longer pay. That is the second reason why I believe,

[00:24:17] Reiner Fuellmich

That the value of real estate will be a problem. And the third reason is that yes

[00:24:26] Reiner Fuellmich

very, very normal discussion about the fact that possibly over the burden balancing

[00:24:33] Reiner Fuellmich

law, the vaccination damage, which does not actually exist, must be compensated,

[00:24:39] Reiner Fuellmich

so you might also be using forced security mortgages on the real estate

[00:24:43] Reiner Fuellmich

which then practically devalue the property. From these three

[00:24:49] Reiner Fuellmich

reasons and for no other reason, my wife and I said Okay, then

[00:24:54] Reiner Fuellmich

sell what? We can then buy something new. It does not matter, the firm runs

[00:24:59] Reiner Fuellmich

onwards anyway. And that is the reason why we are now just about selling the 700

[00:25:05] Reiner Fuellmich

lead back. There has, there never has been a liquidity crisis in the Corona Committee. You

[00:25:11] Reiner Fuellmich

itself, I would like to add, but it really has, because it is simply

[00:25:17] Reiner Fuellmich

had no money, because she said I urgently need money to live. So while they are in the

[00:25:22] Reiner Fuellmich

Committee the dear child plays what whole.

[00:25:27] Reiner Fuellmich

Well, she herself needed this 100 to live. So far she has not really

[00:25:33] Reiner Fuellmich

can be traced back. There are apparently no securities with her, unlike my

[00:25:39] Reiner Fuellmich

property, which can be considered a store of value, I believe, as security. And she has, and

[00:25:45] Reiner Fuellmich

that hangs now, that is now the information I would also rather not have

[00:25:48] Reiner Fuellmich

said. But here's what happened. She has, in order to be able to attack me, herself

[00:25:54] Reiner Fuellmich

need to clean. That is, she had to take out the 100 herself also

[00:25:59] Reiner Fuellmich

mind you, about the loan agreement, so absolutely normal, serious and without that da

[00:26:04] Reiner Fuellmich

somehow something was stolen. But she wanted to attack me now because of the 700, had to

[00:26:10] Reiner Fuellmich

so be clean yourself. How did she return the 100? Firstly, not at all, but they

[00:26:15] Reiner Fuellmich

has returned 70. How did she do it? To us she told, I added

[00:26:21] Reiner Fuellmich

Savings contract or have to liquidate any investment of value. I we know by now,

[00:26:27] Reiner Fuellmich

because I have seen the documents that this is not true. There must be something like that

[00:26:32] Reiner Fuellmich

not given, but it has the book sales, the book for sales for it

[00:26:37] Reiner Fuellmich

used. So she has made book before sales for the book in which our

[00:26:44] Reiner Fuellmich

story is told, so to speak, or what it believes. What is our story was

[00:26:49] Reiner Fuellmich

but then because of the book sales, she got about 70,000 I think,

[00:26:53] Reiner Fuellmich

committed to also deliver these books in August to be able to deliver them,

[00:26:59] Reiner Fuellmich

but you have to print them. And almost exactly this amount is used for printing. Since

[00:27:05] Reiner Fuellmich

she can no longer reach it. For this reason and this reason alone, she has not

[00:27:10] Reiner Fuellmich

but in a statement he acted as if I was somehow to blame,

[00:27:15] Reiner Fuellmich

because copyright and so I just said, the contractually she has everything,

[00:27:19] Reiner Fuellmich

without, yes, she even made it herself, without there even being any

[00:27:24] Reiner Fuellmich

reason for me can give. I couldn't care less about going in there either.

[00:27:28] Speaker2

So the boat, the bay, the bay. History. This is the you. Departed. Since

[00:27:32] Speaker2

she has all the rights.

[00:27:34] Reiner Fuellmich

Absolutely. There is absolutely no possibility. She said yes in her video Yes, her

[00:27:39] Reiner Fuellmich

it can go with pure copyright problems. Maybe I still have to do something

[00:27:41] Reiner Fuellmich

complete. Yes, maybe I need to add the book is a single shame,

[00:27:47] Reiner Fuellmich

because the man I'm calling and portraying as so great and so interesting here are

[00:27:53] Reiner Fuellmich

Truths, deceivers. Of course, I can't do that. But if you only go from here to

[00:27:57] Reiner Fuellmich

to the wall and says The book is super great and the next moment says Hey,

[00:28:01] Reiner Fuellmich

we are dealing with cheaters, because then I should not be surprised when the book

[00:28:04] Reiner Fuellmich

is not for sale. Only then, it is absolutely not very clever to first

[00:28:07] Reiner Fuellmich

to put it carefully, to say Reiner is to blame. Garbage that is. Anyway

[00:28:13] Reiner Fuellmich

there are still 30,000 missing, which it apparently can't find because it's probably a

[00:28:17] Reiner Fuellmich

bit difficult to trust her anymore.

[00:28:20] Speaker2

And so let's just leave that for a second that I understand. So the you have

[00:28:26] Speaker2

decided that the problem could be that the account is canceled, then you have

[00:28:31] Speaker2

you decided to make a loan agreement.

[00:28:36] Speaker2

With Viviane it was 100,000, with you or 700,000. This has been set up so that

[00:28:40] Speaker2

the committee can access it at any time if necessary. And that is now

[00:28:46] Speaker2

actually the point, and that's so that's in the property with you now. And

[00:28:50] Speaker2

if it should have been, you could have repatriated the money at any time.

[00:28:56] Speaker2

And Viviane has paid back 70,000 and 30,000 is still outstanding. You just have to

[00:29:01] Speaker2

say she made the video before. She has from the 100,000 where she also has a

[00:29:06] Speaker2

loan agreement has nothing mentioned. That is simply also a fact.

[00:29:10] Reiner Fuellmich

Yes, so perhaps that's all that needs to be said at the moment. This is simply a

[00:29:17] Reiner Fuellmich

3. Lying story. It is here The truth is sent in such a way, it is yes

[00:29:22] Reiner Fuellmich

intelligent. After all, not only does she have a psychological problem, but she is

[00:29:25] Reiner Fuellmich

quite intelligent and thus quite capable of making even otherwise quiet people and

[00:29:30] Reiner Fuellmich

manipulate serene people for quite a while. So, now we come to the

[00:29:35] Reiner Fuellmich

Gold. Part of the money is with.

[00:29:40] Reiner Fuellmich

Even Justus knows that. Also she knew that is with the consent of.

[00:29:47] Reiner Fuellmich

So Justus was already out of the running then, but he knows that. But also with their knowledge

[00:29:52] Reiner Fuellmich

part of the money has been invested in gold. Not only because it is thus protected from access

[00:29:57] Reiner Fuellmich

of the authorities is withdrawn, because no one knows where the gold is. No one can act as an authority, so

[00:30:03] Reiner Fuellmich

how to close an account, access gold that no one knows where it is.

[00:30:09] Reiner Fuellmich

This has even turned out to be a great investment, because all the gold in value

[00:30:14] Reiner Fuellmich

increased by a not entirely insignificant amount. So that was smart.

[00:30:19] Reiner Fuellmich

This gold purchase has led to the fact that there was gold. First was this gold with her

[00:30:27] Reiner Fuellmich

Knowledge placed with a friend that no one would ever have thought of. This girlfriend

[00:30:32] Reiner Fuellmich

knows them too. I'm not going to tell you where it is, and I'm not even going to give you a name.

[00:30:37] Reiner Fuellmich

But that's how it was.

[00:30:40] Reiner Fuellmich

Then when I was in the U.S., I suddenly got an excited call from this

[00:30:45] Reiner Fuellmich

Girlfriend Du, Reiner, Viviane and and Robert want to pick up the gold.

[00:30:52] Reiner Fuellmich

Has this been arranged with you? Said. No, it's not, but it's fine by me.

[00:30:56] Reiner Fuellmich

If it is then at least safe. So a private car with gold driving around against it is

[00:31:01] Reiner Fuellmich

maybe not so sure, but I wanted like right from the beginning every time,

[00:31:06] Reiner Fuellmich

when it has caused stress. But I want it that way and you have to do it that way. And now

[00:31:09] Reiner Fuellmich

immediately. I didn't want to stress over little things, so I said,

[00:31:13] Reiner Fuellmich

because of me there is still with Robert and Viviane, who have been together for over a year

[00:31:19] Reiner Fuellmich

are. So come to this girlfriend and are obviously completely surprised. Either she wants

[00:31:24] Reiner Fuellmich

that, Robert's ghost stories or their own paranoia stories, that the gold

[00:31:29] Reiner Fuellmich

is there. So as if they would have seriously come up with the idea that

[00:31:35] Reiner Fuellmich

a pile of gold abroad or that steal or something, they even have. I

[00:31:39] Reiner Fuellmich

think they even believed that the gold is actually partly lead

[00:31:44] Reiner Fuellmich

or something have insisted that this all be reviewed. Total insanity. The

[00:31:49] Reiner Fuellmich

Gold was then given by her, our accountant, because she has a vault facility in

[00:31:55] Reiner Fuellmich

his house. And this accountant took it. Packed that into his house.

[00:32:01] Reiner Fuellmich

We thought. Okay, lucky. Now the story is calmed down again for the time being. No,

[00:32:05] Reiner Fuellmich

it was not. Couple months later the two cross again Robert and Viviane in the middle of

[00:32:11] Reiner Fuellmich

the night at our accountant's house, who has two small children, and a wife who is

[00:32:17] Reiner Fuellmich

has just escaped cancer. And here you see now that all the

[00:32:21] Reiner Fuellmich

Empathy it pretends, so like Söder has no empathy, but he knows you can

[00:32:27] Reiner Fuellmich

must from time to time. Dog in arms. You have to hold a child every now and then. Then think

[00:32:31] Reiner Fuellmich

people also that if my dear guy all the empathy that she pretends, just

[00:32:36] Reiner Fuellmich

is only pretended. This incident, which I am now reporting, has led to the fact that

[00:32:39] Reiner Fuellmich

the two children, young children, were completely traumatized. The next morning that

[00:32:44] Reiner Fuellmich

the woman, just escaped from cancer, had to go to psycho oncology is

[00:32:49] Reiner Fuellmich

no matter what happened.

[00:32:51] Reiner Fuellmich

So hit there late at night, pretend. Oh, look, you have a cat. We

[00:32:57] Reiner Fuellmich

were about to join our sheep. You know, we save sheep. Someone saves

[00:33:02] Reiner Fuellmich

Sheep, but not them. There are always some poor bastards taking care of it. The

[00:33:06] Reiner Fuellmich

obey their commands, and if they don't, they're dead. So in the figurative

[00:33:11] Reiner Fuellmich

Sense. And then suddenly We actually wanted to take the gold. And thereupon

[00:33:17] Reiner Fuellmich

then the accountant called me and said Reiner, has this been arranged with you? Have

[00:33:22] Reiner Fuellmich

that ne not agreed with me. And we have to have great concern here because I'm

[00:33:27] Reiner Fuellmich

believe that Robert is having major financial problems with his company. There are

[00:33:30] Reiner Fuellmich

Donations to this company have gone to the purpose. That was the purpose of the donation, the

[00:33:36] Reiner Fuellmich

Support, the work of the Committee. But I had heard in the meantime that there

[00:33:40] Reiner Fuellmich

apparently great financial difficulties exist that again and again difficulties

[00:33:45] Reiner Fuellmich

insisted on paying the employees, and that Robert always, every now and then by the

[00:33:50] Reiner Fuellmich

Office space ran and had We are broke, we have to save. So what about the money

[00:33:54] Reiner Fuellmich

happened, what Robert got to support the committee's work? It

[00:34:00] Reiner Fuellmich

is not little. I won't say numbers now, but it's certainly not little. It is

[00:34:04] Reiner Fuellmich

away, as I then also learned in the meantime. Just today I met with

[00:34:09] Reiner Fuellmich

Uwe media people entertain, as I have since also learned is

[00:34:13] Reiner Fuellmich

apparently Robert's only source of income, which the committee's revenue

[00:34:19] Reiner Fuellmich

then take. The narratives don't add anything. These are the two projects that he

[00:34:23] Reiner Fuellmich

has. So we don't know what happened to the money. In any case, he is located

[00:34:27] Reiner Fuellmich

I am personally convinced that the company is in very, very big trouble and has to deal with

[00:34:33] Reiner Fuellmich

Viviane together, who made sure of it via the unfortunate double donation appeal,

[00:34:37] Reiner Fuellmich

That in addition to the bills that he wrote to the committee, 120,000 also

[00:34:43] Reiner Fuellmich

has just received this very, very, very much higher amount of donations. To

[00:34:48] Reiner Fuellmich

the purpose of supporting the work of the Committee, not to provide any expensive

[00:34:52] Reiner Fuellmich

to buy lenses for themselves and to book them with them, but the work of the committee

[00:34:57] Reiner Fuellmich

to support. And so these two strike in the middle of the night at our

[00:35:01] Reiner Fuellmich

Accountant up and suddenly turn, having until then feigned friendly words

[00:35:06] Reiner Fuellmich

had, up and say We want to take the gold with us. Robert That was on loud

[00:35:12] Reiner Fuellmich

posed. I could hear everything. Robert then said Either you give this. So that

[00:35:18] Reiner Fuellmich

was then already a very loud argument. Either you give the

[00:35:21] Reiner Fuellmich

Gold out or I'll call the police. Bullshit. Only, what's the point? Our

[00:35:27] Reiner Fuellmich

Book. I then said throw them out. There are major problems here. They were then

[00:35:32] Reiner Fuellmich

also kicked out and thus she had calmed down the situation for the time being. A few

[00:35:36] Reiner Fuellmich

Days later, the accountant said, "Watch out, this is all too hot for me here, when

[00:35:40] Reiner Fuellmich

she does not trust me. Well, he's so straightforward, you can't imagine how straightforward he is.

[00:35:45] Reiner Fuellmich

introduce If she does not trust me, then I give the gold into custody to a

[00:35:50] Reiner Fuellmich

Security. He did that, too. Viviane knew where it was all along. It

[00:35:55] Reiner Fuellmich

did not give a second that she did not know where it is. Again a few days later or

[00:36:01] Reiner Fuellmich

Weeks later, they turn the wheel again and say Oh, now the gold has to go to Berlin,

[00:36:06] Reiner Fuellmich

to Degussa.

[00:36:08] Reiner Fuellmich

That's when I said Oh my God, you might as well give it to a government agency. But nice,

[00:36:12] Reiner Fuellmich

for my sake. And that is exactly what happened. Then came a security guard, who with this

[00:36:18] Reiner Fuellmich

Kessler, those safe arty cars there, who brought the gold to Berlin, in Berlin,

[00:36:25] Reiner Fuellmich

very nice people at Degussa, I must say, she then had to identify herself and

[00:36:30] Reiner Fuellmich

me too. Unfortunately, as chaos goes, it turned out that their

[00:36:34] Reiner Fuellmich

identity card had expired. Well, she just about managed that then, because

[00:36:39] Reiner Fuellmich

she also had a passport. Then people complained to Degussa

[00:36:43] Reiner Fuellmich

What's going on out there? Who brought the camera team here? It says

[00:36:46] Reiner Fuellmich

Robert again with camera. Oh my God! Must then here now also the

[00:36:50] Reiner Fuellmich

World public to be informed? Anyway, that's where the gold is now, because they're

[00:36:54] Reiner Fuellmich

wanted it that way. And when they. And if they now. And we can both only talk about

[00:37:00] Reiner Fuellmich

dispose So, it's not that it's up to me, it's that she's lying to you all in

[00:37:04] Reiner Fuellmich

that moment where she says yes, and Reiner has to procure this and that. No, must

[00:37:09] Reiner Fuellmich

not, but all the gold. If she had wanted to, we could have liquidated.

[00:37:14] Reiner Fuellmich

We would have if it was on the same path because it was from me on behalf of the committee,

[00:37:19] Reiner Fuellmich

so as a trust, was bought well, but it would have been liquidated again via me

[00:37:25] Reiner Fuellmich

then everything would have been fine. Oh, my.

[00:37:28] Speaker2

Yes, Reiner, me, me. I think it is I so not to say. The situation is

[00:37:33] Speaker2

special, of course, and I understand, of course, that all this should be on the table. I

[00:37:37] Speaker2

am not with you.

[00:37:38] Reiner Fuellmich

We are done. We are done.

[00:37:40] Speaker2

What more will also remain somehow factual, because you do not have to

[00:37:44] Speaker2

same track go where Viviane knocks it out. It is.

[00:37:50] Speaker2

There will certainly be a lot of discussion now. It will then. Now the

[00:37:54] Speaker2

People decide for themselves who they believe. That will give people who believe.

[00:37:59] Speaker2

Viviane There are people who will believe you. That's something everyone has to decide for themselves,

[00:38:03] Speaker2

which variant or version is more credible. That is then we can

[00:38:10] Speaker2

not influence. That should also be so that this and that decide those who are now

[00:38:14] Speaker2

watch It's a pity.

[00:38:16] Speaker2

I think that's where we agree that that's come to. This was not planned

[00:38:21] Speaker2

and Viviane has made the now very in my opinion unfortunate video. This harms

[00:38:27] Speaker2

of the movement, this is very damaging to the movement and I don't think that's good. And that we have

[00:38:32] Speaker2

simply do not let sit on the so and says yes, okay, then it is so, I believe that

[00:38:36] Speaker2

also clear. And that I would communicate there also your version then accordingly

[00:38:41] Speaker2

would like it understand there surely also all. We'll see what happens next. We will

[00:38:48] Speaker2

sure as I should say, you will go your way. You got the name from a

[00:38:54] Speaker2

already mentioned by your organization. That's where you're going to keep going. And I think I.

[00:39:00] Speaker2

I hope I. I very much hope that there will be a solution as soon as possible, despite everything,

[00:39:05] Speaker2

even if it all looks very frittered away at the moment and that there are possibilities and

[00:39:10] Speaker2

people think about it again. It's about the people watching right now and

[00:39:16] Speaker2

not about any ego stories. I now also say from all sides it is I

[00:39:21] Speaker2

don't say you want to polish your ego now, not at all. But it is

[00:39:25] Speaker2

Finally, there are disagreements everywhere and there I would have hoped that people

[00:39:32] Speaker2

can stand above it, not go out in public and say Hey, let's

[00:39:36] Speaker2

regulate this internally. Because that have been communicated today things of private spheres, which

[00:39:42] Speaker2

do not belong in the public domain is simply that, and I don't think that's a good thing. And

[00:39:48] Speaker2

now it's out, everyone must now decide for themselves. But I think I can

[00:39:54] Speaker2

you also understand it when you say Oh man, there are so many lies now in these scarcely

[00:39:58] Bittel

ten minutes have been sent that you consider it natural from your point of view that also your

[00:40:04] Bittel

opinion about it. That is understandable. Yes, I think we'll leave that

[00:40:10] Bittel

stand like this. I think that will certainly soon also give a consequences that da

[00:40:17] Bittel

I am convinced that there will be discussions. But we are now soon two

[00:40:22] Bittel

Hours on. Everybody should make his own thoughts and I think that we let

[00:40:26] Bittel

leave it like this for now. How do you say so the drop is sucked and now you must also

[00:40:32] Bittel

look ahead and let everyone decide what they think.

[00:40:39] Speaker1

Yes, you can put it roughly like that.

[00:40:41] Bittel

Yes Rainer, thank you for the clear words. I think it was important.

[00:40:46] Speaker1

That I wish it had not been necessary, because, as you say, such a thing would have

[00:40:52] Speaker1

need to be clarified behind the scenes. There was never any doubt that here the

[00:40:58] Speaker1

Gold and the money belongs to the committee. It's just this attack, this

[00:41:03] Speaker1

Attack mode, this hammering, this I want. I do, I do. Serves my

[00:41:08] Speaker1

In the view of this, from the very, very gross misconduct. And there I have not yet

[00:41:12] Speaker1

talked about it once. And neither do I.

[00:41:15] Bittel

Let's not do that. This is me. But I just say it now brings next to you

[00:41:21] Bittel

nothing. We have to see that they get back to the factual level. You

[00:41:26] Bittel

are professional enough. Like all of us, I am not quite sure by now, because I say

[00:41:31] Bittel

simply one If someone puts out his video, then you have to and I say this now completely

[00:41:36] Bittel

clear and there you also have to mention, yes, I also had 100,000 loan agreement and at the

[00:41:41] Bittel

Reiner want 700,000. If you don't mention that yourself, that's really very,

[00:41:47] Bittel

very clumsy of her, to put it simply diplomatically. And there you see

[00:41:52] Bittel

of course already in the direction it should go, simply you are now the bad guy and and

[00:41:58] Bittel

she is the good one. So that's how it seems to me. And then there would be exactly what he said

[00:42:03] Bittel

has. I don't know myself. I try to be as neutral as possible,

[00:42:09] Bittel

but nevertheless, her version seems a bit strange to me.

[00:42:13] Bittel

But that will become clear in the future and we will see. Reiner We stay.

[00:42:18] Speaker1

17, that's not even the version, it's wrong anyway, it's the fact,

[00:42:23] Speaker1

that it brings that at all. And this after the yesterday already in the party in the

[00:42:28] Speaker1

Board was discussed and she and Wolfgang really no longer have any real trust

[00:42:35] Speaker1

is met. This is, or perhaps this is now, also the flight to

[00:42:38] Speaker1

front. If everything is screwed up anyway, then I'll break everything now. This is mine.

[00:42:43] Speaker1

That can say yes for it.

[00:42:46] Bittel

Rainer, it will probably be a bit stormy in the background and there should also be so

[00:42:53] Bittel

be short and fierce.

[00:42:55] Bittel

And then then focus on the really important work and not such

[00:42:59] Bittel

War of the Roses. We have to get over that. It is what it is. We can not do it now

[00:43:04] Bittel

change more. And now I think we are doing the best we can. I still hope that

[00:43:09] Bittel

it might be able to muddy the waters somewhere and then maybe maybe maybe

[00:43:14] Bittel

with a mediator. I don't know, because you have to be able to stand above it somewhere.

[00:43:19] Bittel

We have to stand up for the movement and not for any personalities. Here

[00:43:24] Bittel

is not meant to be a cult of personality, but is really about the movement.

[00:43:29] Speaker1

Exactly. So, that could have been considered.

[00:43:32] Bittel

You could have guessed that. No, we stay in touch. I wish a very

[00:43:36] Bittel

have a nice evening.

[00:43:38] Speaker1

You too. Thank you for the opportunity to comment.

[00:43:41] Bittel

With pleasure. See you then.

[00:43:44] Speaker1

Bye.
